Have you taken advantage of the Sparky's Wish List opportunity? Sparky's Wish List website allows fire departments to create a tailored profile page, identifying the specific materials needed for local fire education programs. Residents, businesses and others can then find department wish lists and choose items to purchase from the list. Materials will be sent directly to the fire department. [Learn More](#)

Already have a Sparky Wish? Learn how to get the most out of your Sparky's Wish List

NFPA's Judy Comoletti offers tips on how you can use Sparky's Wish List to support your fire safety outreach efforts. NFPA's easy-to-use tool kit shows you the steps you need to take to reach out to the media, local businesses, and the general public. You'll find a ready-to-use PowerPoint presentation, newsletter information, and social media posts to help you. [Learn More](#)

Remembering When™: A Fire and Fall Prevention Program for Older Adults Conference December 1-3, 2013

Marriott Longwharf Hotel, Boston, MA

THE NATIONAL FIRE PROTECTION ASSOCIATION (NFPA) is committed to helping communities reduce fire and fall injuries and deaths among older adults through the *Remembering When* Program. In 2013, NFPA will select representatives from up to 30 communities to attend the *Remembering When* Conference

designed to help communities reach older adults through group presentations and home visits. We are asking fire departments to partner with an agency whose main outreach to older adults is through home visits. The team will implement *Remembering When* in the community with the fire department conducting group presentations for older adults

and the partner agency conducting home visits teaching fire and fall prevention to vulnerable older adults confined to home. Agencies may include visiting nurse associations, home health care agencies and church outreach groups. Don't miss out on this great opportunity. [Read More](#)

The MA Department of Fire Services will host the 19th annual Fire & Life Safety Education Conference on September 25-26, 2013. Classroom teachers, nurses, firefighters, school resource officers, people who work with older adults and injury prevention experts will gather at the Westford Regency Inn and Conference Center for two days of training and skill development in 30 workshops and four general sessions. Email Cynthia.Ouellette@state.ma.us to receive the upcoming conference registration brochure. [Learn more](#)

Fire Is... Free Educational Program Training

NHFA Mon, Sept 30 8:30-12:30

The NH State Fire Marshal's office is excited to bring this middle school and high school program to the state of NH. This free 4 hour program will be offered to all Fire Officials, Fire Officers, Fire Educators and Fire Inspectors. Lieutenant Andy Stratton of the Cranford Fire Department, NJ will be

presenting the 4 hour train the trainer seminar on Frank Fields program Fire Is. This program will give fire service attendees a comprehensive overview of the Fire Is/Senior Class fire safety education curriculum. The critical key to this program is not only reaching middle-school aged children as they begin to understand fire, but their parents/guardians and care givers as well. For the high school seniors, vital topics which prepare seniors for college life and nightclub safety programs will be explored using the Seton Hall University and The Station Fire as

case studies. The curriculum is centered on a home-based learning system employed by television, internet and the public volunteers to put a new face on fire safety. Therefore the program will not interfere with classroom time. The attendees will be given free usage to a program like no other currently in the US. Attendees will leave with the free materials to conduct the program. **Register today**, space is limited. [Click here to register.](#)

Join the NFPA from October 6-12, and the NH State Fire Marshal's Office throughout the year as we spread the word that more fires start in the kitchen than in any other part of the home, and how to keep cooking fires from starting in the first place. [Read More](#)

DID YOU KNOW...

Did you know that the NH State Fire Marshal's office has a variety of loan equipment that Fire Departments can borrow to utilize during any public outreach event? We strongly encourage you to look into and borrow the equipment that we have to offer. [Learn More](#)
